Re: Item 7 CF #14-0171  
10550 West Bellagio Road  
Case No. ZA-2012-1402-ZV-ZAA-ZAD-1A

Honorable Councilmembers:

The Federation of Hillside and Canyon Associations, Inc., represents 42 resident and homeowner associations spanning the Santa Monica Mountains and their more than 200,000 constituents. The Federation urges you to uphold the decision of the West Area Planning Commission to approve the appeal of the Zoning Administrator's decision to grant a height variance at 10550 W. Bellagio Road. Council should *not* assert jurisdiction, pursuant to Charter Section 245.

The ZA's decision to grant a height variance is an error and constitutes an abuse of discretion. The required findings cannot be made.

A year ago the City *lost* a lawsuit in a similar situation where Council also asserted jurisdiction under Charter Section 245 on variances requested for 1100 Stearns Dr. The Judge ruled that the City Council abused its discretion in granting three variances. The Court held that substantial evidence did *not* support the granting of the variances. The Court further noted that policy goals "may not be used by the City Council to dismantle the City's zoning scheme in a piecemeal fashion."

The Bellagio Road 245 is very similar. The findings cannot be met. There is no hardship. There are no special circumstances. Granting these variances would be tantamount to exactly what the Judge ruled cannot be done – Council cannot dismantle the City zoning scheme in a piecemeal fashion. In the case of Bellagio Road, Council would be dismantling the Baseline Hillside Ordinance that it enthusiastically adopted.

I am attaching the decision in the Stearns lawsuit Chazanov v. City of Los Angeles, et al., LASC Case No. BS 135382 (Council District 5) so that you can see what happens when decisions are not made in a thoughtful, reasoned manner.

The Federation urges Council to reject this request for Charter Section 245 and uphold the decision of the West Area Planning Commission.

Sincerely,

*Marian Dodge*
